FOOD
WIPES

Alsco's reusable wipes are a cost effective, efficient and environmentally friendly way to wipe down and clean up just about any surface.

Alsco's wipes are recyclable.

Other wipes don't meet that simple criteria. They go from your waste disposal system and eventually end up in landfill. Alsco wipes are collected, laundered to Australian Quality Standards and delivered back to you, our customer, ready for use and reuse.

COLOUR CODED
FOOD WIPES

No capital outlay with a managed rental system

The Alsco wipes management system minimises the cost and process associated with purchasing, re-ordering, storing and disposing of waste.

Customers receive their wipes, a return bag and stand, or a custom-designed printer's wipes bin, plus a regular pickup and delivery service - in short everything you need.

Colour Coded Food Wipes

Quickly and easily implement the colour-coded wipe system and meet one of the key requirements of HACCP Food Safety System helping reduce the occurrence of food poisoning.

The many advantages of Alsco wipes include:

- Made from natural fibres they are more absorbent, durable and effective than alternative products
- They are biodegradable
- Consistent size and shape (not misshapen like rags)
- There is no capital outlay so you can take advantage of our service immediately
- Alsco wipes complement a company's HACCP food safety system
- Alsco wipes are processed under standards compliant with ANZ 4146:2000
- Eliminates costs associated with purchasing, reordering and storage of wipes and ensures you always have them available
- Exchange service

Call Alsco today to find out about our managed rental services for restaurant linen and our other associated rental services requiring no capital outlay including:

- Floor care using our range of mats (anti-fatigue, dust-control and custom designed)
- Linen (serviettes, table cloths and tea towels)
- Uniforms (catering wear including chef's wear and waiting staff, image and food processing)
- Washroom services from Fresh & Clean.
