First in textile services worldwide

PHARMACEUTICAL & FOOD
WORKWEAR SELECTION

Alsco's range of purpose designed Pharmaceutical and Food Processing workwear delivers a clean, professional and hygienic image for our customers while meeting the applicable health and safety guidelines of the industry.

THE RANGE OFFERS:

- Polyester/cotton blends that combine the comfort of cotton with the stain resistance and durability of polyester, enabling a lighter weight fabric to offer resistance to corrosive chemicals such as acids.
- Internal pockets, cuffed sleeves, and no external buttons to minimise contamination.
- A static dispersant coat that is lint free and specifically designed for a cleanroom environment.
- Colour-coded workwear to avoid cross-contamination in the laboratory or plant.

Combine this flexible product range with **Alsco's Managed Workwear Services** and you will be able to save time, money and build your corporate image.
