

MANAGED FIRST AID KITS

WITH OUR FULLY MANAGED SERVICE WE'VE GOT YOU COVERED

AlSCO's managed First Aid equipment service means your business will always be ready in the event of an emergency. We provide First Aid kits, Eyewash Stations and Defibrillators to suit all sizes of business. We supply the equipment, install it, service it and refill it regularly for one small monthly fee and if some items are used in between services, we replace them at no charge.

Our fully managed service helps you comply with WHS regulations and provides peace of mind that you, your staff and patrons have access to a complete range of high quality hospital grade First Aid supplies in an emergency.

WE'VE GOT YOU COVERED

AlSCO's Managed First Aid Service takes the worry out of ensuring ongoing WHS compliance, for any business, in any state. We provide a full range of kits to suit a variety of business needs, and our service ensures they are checked regularly for out of date items and restocked when required. AlSCO's rental program even takes away the financial burden of capital outlay and depreciation, replacing it with a tax deductible service.

FIRST AID KITS

We provide highly visible wall mounted First Aid Cabinets in two sizes. Our smart colour coded modules for specific injuries help reduce response time in an emergency.

PORTABLE FIRST AID KIT

Just like our regular sized First Aid kit but in a sturdy portable zip bag, ready to grab and go, so there is no time wasted in an emergency. All portable kits are serviced in the same manner as our regular kits.

MOTORIST FIRST AID KIT

Our portable motorist First Aid kit is perfect when you're on the move. Compact and convenient, the motorist kit is easy to store ensuring safety where ever you are and it's serviced bi-annually.

EYEWASH STATION

Our wall mounted eyewash station is perfect for small workshops, labs and kitchens, where debris and liquid hazards can cause irreparable eye damage. This easily installed station is an essential immediate response tool.

AUTOMATED EXTERNAL DEFIBRILLATOR

Our world leading HeartSine Samaritan Automated External Defibrillator (AED) is part of our serviced First Aid range. There no upfront cost and impressively, it may increase the cardiac arrest survival rate.

FIRST RESPONSE STATION

With AlSCO's First Response Stations, your First Aid Kit, Eyewash Station and Defibrillator are located in the one place for easy access. Available in double or triple sizes.
