ABOUT ALSCO

AlSCO has been providing professional textile rental services throughout Australia since 1963. The company is a wholly owned subsidiary of AlSCO Incorporated which was established in Lincoln, Nebraska by the Steiner family in 1889. Today AlSCO Incorporated is still owned by the Steiner family. It employs over 12,000 people worldwide with 2,200 of these in Australasia.

Our range of services include a commercial linen service, an extensive range of industrial and image workwear, corporate clothing and chef uniforms as well as floor mats. We also provide managed first aid kits as well as Nationally Accredited first aid and fire warden training designed to make your compliance requirements easy. Our washroom services division, Fresh & Clean, delivers a completely managed washroom program which includes hand drying systems, feminine hygiene, odour control, soap disposal and hygiene systems.

Our services are delivered to a large and diverse customer base from our Australian and New Zealand processing plants and distribution centres.

WHY BUY WHEN YOU CAN RENT?

Every business knows the importance of cash flow. When a large purchase is made it can have a noticeable impact on the cash resources of a company. When you rent, however, the cash flow impact is avoided. Therefore a convenient, economical rental program will provide the benefits of clean, quality linens, kitchen wear uniforms, mats and first aid kits with no capital investment for your company. Our price includes supply, as well as regular cleaning, repairs and pickup and delivery.

We have become a leader in developing and implementing new procedures to improve the rental process for clients, including bar-coded & UHF chipped items to maximise accuracy and personal garment lockers to provide employees with a secure, personal space for their uniforms.

3

TAILORED SERVICES

AlSCO's many years of experience providing professionally managed rental services makes us the ideal choice for any business. The bottom line is we will create an effective program to suit your specific needs. We do the work while you maintain control. AlSCO can tailor services specifically for your company, giving you more time to focus on the things your business does best.
