

OUR PROMISE

1

ABOUT ALSCO

AlSCO has been providing professional textile rental services throughout Australia since 1963. The company is a wholly owned subsidiary of AlSCO Incorporated which was established in Lincoln, Nebraska by the Steiner family in 1889. Today AlSCO Incorporated is still owned by the Steiner family. It employs over 12,000 people worldwide with 2,200 of these in Australasia.

Our range of services includes a commercial linen service, an extensive range of industrial and image workwear, corporate clothing and chef uniforms as well as floor mats. We also provide managed first aid kits as well as Nationally Accredited first aid and fire warden training designed to make your compliance requirements easy. Our washroom services division, Fresh & Clean, delivers a completely managed washroom program which includes hand drying systems, feminine hygiene, odour control, soap disposal and hygiene systems.

Our services are delivered to a large and diverse customer base from our Australian and New Zealand processing plants and distribution centres.

2

WHY USE A MANAGED SERVICE?

Every business knows the importance of cash flow. When a large purchase is made it can have a noticeable impact on the cash resources of a company. When you use a managed service, the cash flow impact is avoided. Therefore a convenient, economical rental program will provide the benefits of clean, quality linens, kitchen wear uniforms, mats and first aid kits with no capital investment for your company. Our price includes supply, as well as regular cleaning, repairs and pickup and delivery.

We have become a leader in developing and implementing new procedures to improve the rental process for clients, including bar-coded & UHF chipped items to maximise accuracy and personal garment lockers to provide employees with a secure, personal space for their uniforms.

3

TAILORED SERVICES

AlSCO's many years of experience providing professionally managed rental services makes us the ideal choice for any business. The bottom line is we will create an effective program to suit your specific needs. We do the work while you maintain control. AlSCO can tailor services specifically for your company, giving you more time to focus on the things your business does best.

UNIFORMS TO IMPROVE PERFORMANCE AND CUSTOMER SERVICE.

It has been shown from studies that well designed, well maintained uniforms can help improve morale, self image, performance and customer service.

At AlSCO, we offer a range of industrial workwear and work uniforms that combine style and comfort with durability and safety to ensure your staff look and feel their best.

IMAGE WORKWEAR

Image is vitally important to any organisation and we offer a range of Image Workwear and work uniforms that combine a stylish, comfortable design with durability and safety.

AlSCO Workwear includes professional yet comfortable styles to suit any office environment and industrial uniforms available in a variety of colours and sizes.

FEATURES

- Heavyweight cotton drill for hot or humid environments
- Lightweight, durable polyester and cotton blends
- UV protection against the harsh weather conditions
- A variety of colours, specifications and sizing
- Pockets, trims and badging to reflect corporate image

INDUSTRIAL WORKWEAR

High visibility workwear is a specialty at AlSCO. Our range of practical, good looking garments feature heavyweight cotton drill, polyester and cotton blend fabrics, with options including UV, flame-retardant and stain resistance.

AlSCO industrial uniforms are available in a variety of colours and sizes with professional yet comfortable styles to suit any work environment.

FEATURES

- Flame retardant and smoulder proof uniforms for intense-heat workplaces
- Two tone for high visibility
- Reflective tape for night time safety
- A variety of colours, specifications and sizing
- Pockets, trims and badging can reflect a corporate image

MEDICAL WORKWEAR

When it comes to high quality Medical Workwear, we offer a range of top to bottom scrubs and patient gowns for medical centres and day surgeries.

Importantly, we ensure these are separated in the wash process to eliminate risk of cross contamination.

FEATURES

- Breathable cotton fabric
- One size fits all
- Washed at extremely high temperatures

PHARMACEUTICAL AND FOOD INDUSTRY

Our purpose designed Pharmaceutical and Food Industry Workwear Range can deliver your organisation a clean, professional and hygienic image.

While meeting the applicable health and safety guidelines, our range features the latest fabrics and modern designs that are safe, comfortable and easy to maintain.

FEATURES

- Lightweight durable polyester and cotton blends
- Internal pockets, cuffed sleeves and no external buttons to minimise contamination
- A static dispersant coat that is lint free and specifically designed for a cleanroom environment
- Colour-coded workwear to avoid cross-contamination

FOOD & BEVERAGE WORKWEAR

The AlSCO range of high quality Hospitality Workwear and Chef Clothing ensures every chef and kitchen employee can look and feel professional while meeting food industry hygiene standards.

We supply a quality range of chef jackets, waiter's jackets, chef pants and aprons, which can all be customised with your logo.

FEATURES

- Choice of cutting edge and generic brands
- Classic, durable chef aprons to protect uniform
- Fitted or loose styling coats
- Durable fabrics
- Company logos for team morale and professional image
- Meets food industry hygiene regulations (HACCP)
